HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw and is the more easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be attached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves in preference to all others in all cases. We consider it far superior to the Brewster Patent heretofore the best in use.

[SPECIAL DISPATCH TO THE OREGONIAN.]

EASTERN DATES TO JANUARY 29

Confirmations.

WASHINGTON, Jan. 28.—The Senate to-day confirmed the appointment of Luther B. Carey as Collector of Internal Revenue for the Second District of California; [illegible] D. Hyde, Receiver of Public Moneys, and Edward W. Wilson, Register of the Land Office at Visalia; Michael Vidal, Commissioner from the United States under the Convention with Peru in [illegible] 1868; and William Cumback, of Indiana, Minister Resident at Portugal.

Congressional.

WASHINGTON, Jan. 28.—In the Senate John W. Johnston took the oath of office as Senator from Virginia.

The bill to amend the act admitting Virginia by construing the word "oath" to include the affirmation passed.

Cragin presented a petition from Admirals Farragut and Porter and other naval officers asking that the reserve of the navy be divided [illegible] classes.

Edmunds offered a resolution, which was adopted, instructing the Judiciary Committee to enquire whether further legislation is necessary on the subject of organizing a Provisional Legislature.

Howard offered a bill to authorize the Kansas Pacific Railroad to extend and construct their road to El Paso. The bill gives the company all the right of franchise and land grant given to the Atlantic and Pacific Railroad Company by the act of July 1866.

Wilson of the Military Committee reported the military Academy Appropriation bill with amendments.

Sumner introduced a joint resolution directing the payment of bounties to colored soldiers and seamen regardless of former conditions of servitude.

The Senate proceeded to consider the message from the President vetoing the bill for the relief of Rollin White, (which proposed an extension of a patent for improvement in pistols) until the expiration of the morning hour, when Sherman proposed to proceed with the unfinished business, which was the Currency bill. A discussion followed, Hamlin arguing the claims of the special order, namely, the District of Columbia business, and Stewart desiring action on the Census bill, which Conkling and Sumner debated to some extent, the former in favor of and the latter against taking the census under the law of 1850. The Senate finally determined to adhere to the order specially appropriated to the bill for temporary relief to the poor of the District of Columbia, which was taken up. It appropriates $30,000. It was discussed by Thurman, Davis, Pomeroy, Hamlin, Wilson and Casserly.

Pomeroy offered an amendment to provide lumber and materials and labor for those able to work.

Wilson moved to further amend so as to provide certain accommodations for indigent women. Both amendments were finally adopted and the bill passed.

The Senate adjourned till Monday.

In the House, James K. Gibson, member elect from Virginia, was sworn in. A number of bills were introduced and referred.

Cook, from the Committee on Printing, reported a bill abolishing the office of Congressional Printer, providing for election by concurrent resolutions or joint ballot of a Superintendent of Public Printing to perform the same duty at a salary of $4,000. The bill was explained and advocated by Cook and Lafin, the latter taking pains to exonerate the Congressional Printer from the newspaper charges affecting his character in the management of his office. The bill was passed.

Church, of Illinois, from the Committee on Elections, reported that under the election held April 20, 1868, the claimants were admitted to seats in the last Congress, and claim to be entitled under the same election to seats in the present Congress. After discussion the resolution was adopted and the Committee on Elections was discharged from the further consideration of the claims of Simpson, who was elected from the northern district of South Carolina, he being unable to take the oath.

Cullom introduced bills to organize the Territory of Lincoln and to consolidate the Indian tribes into the territorial government and also to provide a territorial government for the District of Columbia.

Stevens offered a resolution asking the Secretary of the Navy for the reports of Admiral Davis on the Darien Canal.

The House went into Committee of the Whole on the Legislative, Executive and Judicial appropriation bill.

Voorhees addressed the House. He solemnly asserted that a vast proportion of the national debt had no existence in reality. It was a fiction created by unjust scandalous legislation, or still worse, unjust scandalous perversion of a true contract, was a fraud fastened upon the labor of the nation, utterly without consideration, legal or moral, was sheer and naked extortion from the wants, necessities and helplessness of the people when they were wholly at the mercy of capitalists. He then proceeded to show how men who invested in national bonds had obtained large bonus in investments under former prices of gold compared with present prices. He said this extreme injustice had driven many honest minds to embrace the fearful doctrine of repudiation. The issue was in the hands of the party in power.

Butler of Massachusetts obtained the floor for the purpose of saying a few words additional in defense of the Republican party and administration. It would stand the assault of the gentleman from Indiana (Voorhees) but could not stand assault in the house of its friends. He had controverted no assertion of Butler's in his former speech.

Dawes, in reply to Butler, said he could not be drawn into any further debate on the subject. What each had said had been given to the country. He did not desire to add one word to or to fortify anything he had said. He was content to abide the judgment of the country and was prepared and ready to move on to work. The committee rose and the House adjourned with the understanding that to-morrow would be [illegible] for debate only.

The Estimates and Expenditures

The *Herald* of Saturday wanted to know, How is the present administration going to reconcile its demand for an increase of over $25,000,000 *beyond the amount required by Andrew Johnson* with its published statement of a reduction in expenses

The answer to this query was published in the body of the *Herald's* own article in the telegraphic synopsis of Gen Butler's speech Butler said The excess of the estimates for the first part of Grant's administration over the expenditures of the last year of Johnson's was carried by the fact that the outgoing Secretary, in order to make a good showing, had abandoned all the public works and had underestimated every public expenditure so as to embarrass the incoming administration, and that these estimates were based on large unexpected balance "

This seems plain enough The actual expenses of Johnson's administration were not properly shown by either the estimates or the appropriations based upon them The Secretary had purposely under estimated everything, and the appropriations based upon the estimates failed to cover the actual expenses by large balances These expenses had to be provided for so that while the estimates under Johnson's administration were far *below* the actual expenses, the estimates under Grant's administration are forced to go far above the *actual* current expenses in order to carry a part of the burdens of the former administration That is how the late estimates came to be in excess of the estimates submitted by Johnson's thimble-rigger The estimates now, are not the measure of the current expenditures, but of the current and a part of the old expenditures added together There is therefore no inconsistency between the increased estimates and the statement that the actual current expenses are lower than under Johnson's administration

It is well known that the army and the navy have been greatly reduced since President Grant came into power—and these were the most expensive branches of public service In the civil service departments the number of employes has been reduced by thousands, double and constructive pay stopped, sinecures abolished, leaks stopped, and every possible retrenchment effected. Besides this, whisky rings and gold rings have been broken up and frauds that had flourished under the nurturing policy of Andrew Johnson and his secretaries, have been discovered and brought to an end. The revenues of the Government have been more faithfully collected, thus relieving the honest taxpayers from the burden of carrying the taxes which rogues ought to have paid but did not Scarcely a week has passed but we have heard of the lopping off of some cause of expense. In no department of the Government has there been any increase not necessary to the efficiency and general economy of administration We think that all this will be admitted by all who think or talk with candor rather than with the special purpose to mislead and create prejudice in the public mind

"And yet, the estimates are over $26,000,000 beyond the amount required by Andrew Johnson," says Mr Dawes, and so will answer the *Herald*. But how would the matter have stood if Johnson's administration had carried its own burden instead of shuffling it off with the trick of a political gamester upon the present administration? The $28,000,000 increase is probably only a small part of the last administration's deficit, and, but for carrying that old balance, the present administration could, doubtless, present estimates more than twenty-eight millions reduced, even after paying nearly a twenty-fifth part of the national debt.

Editorial Notes

Mr. Corbett's bill to exempt canned and preserved fish from the internal revenue tax, was reported to the Senate Jan. 11th, and passed.

One Slater has been lecturing in Eastern Oregon on the 15th amendment. A correspondent who heard him, writes us a synopsis of what Slater had to say; but as Toots was wont to remark "its of no consequence," except that he abused the Republicans for spoiling the gigantic importation scheme which the Democracy were cooking up to fill the Southern States with Chinese coolie slaves. Our correspondent says, "If the Democrats of Eastern Oregon have their own way, Slater will be the next Democratic candidate for Congress" We will do him the service to say that on the 15th amendment and the Chinese importation question, Slater is Democratically sound.

Eloquence is not dead. The bird of liberty is not a dead cock in the pit One man, at least, still lives, who dares, and is worthy the heritage of freedom Such a man lives on the Pacific coast. He writes for the *Examiner* Hear him; "O, degenerate sons of worthy sires, how long will you bow your necks to the usurpers? How long will you stand criminally by and see the work of the Fathers destroyed? Arise from your torpor—shake off the consuming lethargy that enthrals you and prove yourselves worthy the heritage of freedom. Strike at the throats of the tyrants, and raise, as in olden time, the battle cry of independence." Now, readers, catch your breath, if you can, and answer if that won't do.

The interior Democratic newspapers are having their turn at howling because the Republican State Central Committee elected a treasurer and voted to raise a small sum of money to pay for campaign newspapers and documents, But they don't say a word about that *sixty thousand dollars* which the Democracy propose to use in the next election The *Democrat* is convinced that the purpose of the Republican Committee is to 'carry the election" Well we rather suppose so, though we do not imagine that the few *hundred* dollars proposed to be raised by the Republican Committee will go very far as a 'corruption fund,' when compared with the *sixty thousand* dollars which a prominent Democrat boasted could and would be used if necessary to "carry the election' Democratic

"Is Virginia a State?" is a startling query submitted by the Salem *Press* The *Press* wants somebody to apply the the 'universally recognized principles of political law' to the Virginia case and see if she is really a State. Without going into the subject so deeply as is suggested, we beg to reply on the authority of the telegraphic news that Virginia is, without the least doubt in the world, a State, having a Governor Legislature, judiciary Senators and Representatives in Congress and all the other attributes of Statehood We beg also to state since the *Press* does not seem to have found any information on these points in its standard authority—the resolutions of '98 that Virginia was made a State the other day by a strict party vote the Republicans in Congress all voting to make her a State and the Democrats all voting to keep her under military rule And for the especial consolation of the *Press* and other Democratic journals of this State, we beg to state further that one of the Representatives admitted is said upon good authority to have once upon a time 'cussed' Lincoln and the Government in good round profanity and accepted Democratic style This at least ought to be entirely satisfactory to the Democratic press of Oregon

The Albany *Democrat* quotes a paragraph from the COMMERCIAL and then says The above is from the editorial columns of an Oregon Radical paper that has, and is constantly insisting, upon Chinese Immigration Has not the editor of the *Democrat* read us amiss? We have never insisted and do not insist on Chinese immigration We have simply insisted that inasmuch as the Chinese are here under treaty guarantees they are entitled to protection against such measures as have been proposed, to levy special taxes imprisonment etc upon them We have further insisted that their labor being wholly menial, can be made serviceable in the development of certain enterprises which could not go on at the rates charged for white labor We have further insisted that the Chinese are not likely to get the better of the Caucasian race, notwithstanding the dismal expectations of the Democracy But we have never insisted on Chinese immigration Cannot the *Democrat* be candid?

The women are skirmishing just now in a very lively manner all along the lines They are carrying the war into Africa, figuratively speaking and the lords of creation will do well to look to their defenses, or their exclusive monopoly of 'rights' and suffrage and office and such things, will very soon stand in danger of being ignominiously broken up The granting of woman suffrage in Wyoming seems to have given a tremendous impulse to the forward movements of the women's rights cause. Within the last month or two the country has seen an astonishing multiplication of organizations, and an unusual number of largely attended conventions of women, and what is still more significant, the leading newspapers of the whole country have published the proceedings and debates of such meetings. Women have suffrage in Wyoming, women have held offices never before given to any but men, in Washington Territory, Kansas, Wisconsin, Minnesota and some other States; the "New Democratic Party" proposes to give women the ballot; a proposition is pending to amend the Constitution of Minnesota by striking out the word "male," in the suffrage clause, which, if carried, will give women the right to vote And these are only a few of the indications just now apparent that woman is the "coming man"

Mr Bird followed in a speech against repudiation dissenting from the views of Messrs Mungen and Golladay

Was there any want of courage in it? What the Hon. W T Ballou says about the King of Pain

SAN FRANCISCO, Dec 7 1869

Dr J J McBride—Having suffered with sciatic rheumatism some months, I was induced to use your King of Pain I take pleasure in recommending it to those afflicted with rheumatism I know of several cases of neuralgia that have been cured by it

W T. BALLOU, of Elko, Nevada

Card from Harbor Master.

SAN FRANCISCO, Dec. 2, 1869

To Dr McBride—This is to certify that I have been troubled with neuralgia in my right arm and hand for the past three months and although I have had medical advice and tried a number of remedies, none has relieved me until I tried Dr McBride's "King of Pain," which has done me more good than all the other remedies I have tried JAMES B HOUSEMAN

DR. J. J. M'BRIDE,

TELLS YOUR DISEASE WITHOUT ASKING ANY QUESTIONS

A CARD.

SAN FRANCISCO Oct 15 1869

DR McBRIDE—My Dear Sir For the last six or seven years I have been afflicted with rheumatic pains from my knees down, embracing all the joints of ankle and toe These pains have come upon me periodically every year about this season of the year My knees and ankles and feet ditto and my wrists and finger joints would swell and leave me in the most agonizing pain, known only to those who have suffered from this dread malady These pains would continue for a period of from three to four months every year and they have been regular annual visitors I have been accustomed to apply for relief to the best physicians of San Francisco and have not failed to use all the popular remedies known to the public I would sometimes receive temporary relief after long continued application but it would never fail to return in a few days with increased severity

About two weeks ago while my pains were upon me I saw you at the corner of one of our streets, and heard what you said about your "King of Pain" I confess that I listened to you with deep distrust and I may say that I did not believe your statements still, I thought "it's only a dollar, and I'll patronize the 'humbug' one dollar's worth" I bought a bottle and tried it first on my knee which was fearfully swollen, and from which I suffered very severely The second night I tried it again and my dear Doctor you can judge of my surprise, ecstacy and delight altogether, when I found on rising the second morning that my pains were entirely gone, and the swelling entirely disappeared My knee joints were as supple as when I was young I actually danced with delight, much to the amusement of my friends, who had been in the habit of regarding me as a decrepid old rheumatic It has now been two weeks, and I have not felt the least symptom of return I believe I am cured, and I feel so grateful to you that I offer you this statement, verified by my oath, to be used by you in whatever way you may think proper, and I feel it a duty to let others similarly afflicted know where they can find relief

I am yours very truly RAPHAEL LOOKAYSE

State of California, city and county of San Francisco On this 16th day of October 1869 personally appeared before me, a Justice of the Peace in and for the city and county of San Francisco aforesaid, Raphael Lookayse, known to me to be the person who signed the foregoing letter and who being by me duly sworn deposes and says the contents thereof are true

T W TALIAFERRO Justice of the Peace

TO THE PUBLIC

Grateful for the eminent services of Dr J J McBride I cheerfully make a statement of the following facts For twelve months I had suffered from prostration of my nervous system resulting in partial paralysis and almost total loss of sight A score of physicians had abandoned my case as hopelessly incurable I had even heard my days numbered by doctors and friends In the agonies of my neuralgic pain I sought the great King of Pain Under that benign influence in one-half hour I had obtained more relief than I had known for long weary months My sight was so much restored that I could read print with ease I [illegible] Dr McBride's Great Fair before [illegible] I had regained the use of my almost paralyzed limbs and seemingly my strength had returned while all those aches and pains my constant companions, were dissipated and gone [illegible] I am [illegible] able to say unhesitatingly that I am restored as I could not have expected to have been in so little time My eyesight is most perfectly restored and my whole nervous system corrected and into robust health

My residence is Reading [illegible] at No [illegible] Cambridge street in this City where I will willingly testify to the truth of the foregoing to any one [illegible]

The Daily Oregonian.

MONDAY MORNING, JANUARY 31, 1870

CITY.

OUR EXPORTS.—That Oregon can, and ought to produce more than enough breadstuffs to sustain a far greater population than we can hope to have in the next decade or two, is a fact which none will controvert. The question very natural therefore arises, what is to be done with our surplus products? Where shall we find a regular market for the millions of bushels of wheat which Oregon's soil will produce under the cultivating hand of her enterprising farmers? This question has been agitated to a great extent in California of late and in regard to it the *Commercial Herald* says: "We cannot hope, in ordinary years, to ship flour to New York, nor to Great Britain, for wheat is a safer cargo, and wheat is, moreover, relatively cheaper. We cannot hope to ship much to Australia, unless in exceptionable years, when her crop fails. But we can compete with Chili and New York for the trade of Rio and Montevideo; we can always expect to ship to China, when our prices are reasonable, we can always rely on Mexico, Central America, Pacific Islands, and even the East Indies, as sure customers in all ordinary years, and with them our trade is steadily growing. With China this is especially noticeable, and the fact, too, that with the enormous shipments to that part of the world, made this year, still prices have been well maintained, and the business has, in the main, been profitable to shippers."

FOR SAN FRANCISCO.—The *Montana* sailed for San Francisco on Saturday at 4 o'clock P. M. with a full cargo and the following named passengers: Mrs Hannah Smith, Miss Hannah M. Stout, Mrs. L. Baum, S. E. Mooley, Mrs. R. E. Chatfield, Rev. L. H. St Onge, John Owens, G. W. Wales, Mrs. G. Elliott, A. S. Hart, E. W. Haines, A. W. Collins, William Fraser, Mrs. A. Graben, him and 2 children, L. May, Mrs. B. S. Snyder, Miss Katty Williams, J. B. Nichols, C. M. Cartwright, C. P. Egan, wife, 2 children and servant, George H. Smith, William Dimock, C. Kaus, John A. Carroll, Wells, Fargo & Co.'s Messenger, and 12 in the steerage.

THEATRICAL.—The Matinee at Oro Fino Theater on Saturday afternoon, was attended by a large audience, composed chiefly of the ladies and little folks, who seemed to enjoy the entertainment very much. The house was filled to its utmost capacity in the evening, and Joe Murphy, by his delineations of the characters of Handy Andy, an Irishman, and Van Schoop, a Dutchman, elicited frequent bursts of hearty applause. Barney, the Baron, and the Persecuted Dutchman, both new pieces to the Portland people, are on the programme for this evening, and will likely draw another crowded house.

THE DEBATE.—The debate between Messrs Todd and Arnoup, at Harmony Hall, is still going on, and will continue until next Wednesday evening. A full house attended last night, and listened to the discussion of the question as to whether our departed friends revisit the earth after death. After hearing the two learned gentlemen, we conclude that the question is not a material one. No admission fee will be charged during the remainder of the discussion, and all are invited to attend.

FULL.—We notice the fact of a very great increase of the demand for export facilities exhibited by Oregon shippers this season. Both of the steamers which left on Saturday were full of freight. The *Montana* which brought from San Francisco about 150 passengers and 350 tons of freight, returned with nearly 900 tons and only about 40 passengers. The *California* brought from Victoria no freight and carried from here over six hundred tons.

BODY FOUND.—The body of a man was found near Milwaukie, on Saturday, floating in the Willamette river. It is presumed to be the body of the man who went overboard from the steamer *Alert*, about the first of last December. Decay had taken place to such an extent that recognition was almost impossible. The body was taken to Milwaukie and the Coroner notified, that an inquest might be held.

U. S. DISTRICT COURT.—In the United States District Court, Hon. M. P. Deady, Judge, the proceedings of Saturday were as follows:

In the matter of McCauley and Gwinn, in Bankruptcy. Order adjudging them Bankrupts.

In the matter of O. Smiley, in Bankruptcy. Order for discharge.

Court adjourned until ten o'clock this morning.

FOR VICTORIA.—The steam propeller *California* left on Saturday afternoon at 4 o'clock for Victoria with a full cargo, and passengers as follows: Charles Good, Mrs. Silvia Ruth and child, H. Russell, L. Davis, William Patterson, Miss Mary Patterson, Mrs. Wm. Patterson, Miss E. Patterson, Miss Ella Patterson, Miss A. Worrell, Rev. Joseph Thompson, Miss M. J. Gasow.

INCOME RETURNS.—Mr. Morgan, Assistant Assessor of Internal Revenue for this District, is distributing notices and blank forms to persons liable to pay an income tax for the year ending May 1, 1870. Parties who receive these can facilitate matters and save themselves trouble and perhaps expense by filling out the forms and returning them to the proper offices.

COLLISION.—A couple of buggies collided in the southern part of the city yesterday, when both were going at a speed not much slower than the [illegible] allowed by the city ordinance. The shock was sudden and the escape of the drivers was rather remarkable under the circumstances. One of the buggies will have to go to the repairing shop.

HOPEFUL.—Yesterday Mr. Ladd was doing as well as, considering the painful character of his injuries, could be expected. His friends will be pleased to learn that his case is regarded as quite hopeful. His sufferings, however, have been very intense, and a man of less force of will and nerve, would scarcely have survived.

IN BUSINESS.—Mr. W. T. Shanahan, formerly of this city, has established himself in business in San Francisco, and his Oregon friends will, doubtless, find it profitable to send their orders for anything in his line, to him at that place. His judgment and reliability are such as to recommend him to all.

GONE BACK.—The youth from Yamhill who lost his pistol at the string game, was met on Saturday, out near Taylors Ferry, wending his way on foot, towards the classic banks of Yamhill, apparently utterly disgusted with Portland's "winning ways."

CATHOLIC SENTINEL.—This weekly journal will probably make its appearance in the course of a few days. It will be devoted to the dissemination of general news and the interests of the Catholic denomination.

ON SLOW.—Yesterday being a fine day, some of the fastest teams in town were out, and some driving was done, which, according to time, was a little faster than the statute "in such cases made and provided" allows.

PROBABLY SAILED.—The steamship *Ajax* probably left San Francisco for Portland on Saturday last, and may be expected here to-morrow night. She is advertised to leave here on her return on next Saturday.

HOME MADE.—Some Chinese have started a cigar manufactory on Washington street in this city. Three or four men are employed, and they turn out a very fine looking article of cigars.

FELL DOWN.—Judge J. F. McCoy fell down a stairway an evening or two since, and received some pretty severe bruises, from which he will probably be laid up for a day or two.

TO BE FINISHED.—We are informed that it is in contemplation to complete the audience room of the new Methodist church on Taylor street during the coming summer.

RELIGIOUS.—Bishop Morris of the Protestant Episcopal Church of this city, began a series of Missionary meetings at McMinnville on last Friday.

THE CAMBRIDGE.—The bark *Cambridge* was loading for Portland, at Honolulu on the first of the month. She is now probably on her way here.

COURT.—The United States Circuit Court, Hon. M. P. Deady, Judge, presiding, will convene to-morrow morning pursuant to adjournment.

WILL SAIL.—The *California* will leave here for Victoria again on the 15th of February.

PLEASANT.—On Saturday afternoon a large crowd assembled on the Plaza, and were delighted by the splendid music of the military band.

AMOUNT.—The total amount of freight shipped from Portland during the present month will not fall far short of four thousand tons.

FREIGHT.—As much freight as would load another steamer is now awaiting shipment on the wharf at the lower end of the city.

BACK AGAIN.—J. C. Cartwright, Esq., has returned from an extended trip to the south western part of the State.

NICE.—Yesterday the sky was clear, the sun shone brightly and nature seemed about to put on the robes of spring.

EASTERN NEWS—BY MAIL

NEW YORK AND THE FIFTEENTH AMENDMENT.

WASHINGTON, Jan. 11.—His Excellency Governor Hoffman, of New York, has sent to each Senator a notification of the rescinding of the vote of that State on the constitutional amendment, accompanied by a circular letter. The failure of his Excellency to be equally prompt in notifying the Secretary of State that the amendment had been passed is fresh in the recollection of the people.

MR. KELLEY'S SPEECH IN THE HOUSE.

The House did but little business to-day and at an early hour went into Committee of the Whole to give Mr. Kelley an opportunity to vent his wrath on Mr. Commissioner Wells. He read a carefully prepared and printed speech which may account for the fact that he was neither so discursive nor so violent as usual. Nevertheless, he occasionally got down to his ordinary level of personal denunciation, and several times charged Mr. Wells with treachery to his country, and more than broadly intimated that he was paid for his services by foreign manufacturers, alluding to the steel manufacturers of England. He styled them "Mr. Wells's employers," and again charged him with "sapping and mining the great industries of the country." Mr. Kelley covered less ground than his former philippics, confining himself chiefly to steel, iron and coal, with an occasional reference to the savings banks and the agricultural interests. He apparently found use for all his efforts in these monopolies. He was listened to patiently by some of the extreme protectionists, but otherwise his speech produced very little impression. The advantage of the controversy is still decidedly with the Commissioner, the admirable spirit and temper of his report, after all the personal abuse that has been heaped upon him, having gained for him the respect of many who cannot indorse all his views, but who reprobate the indecent character of the warfare waged against him by the representatives of special interests.

THE FIRST VETO.

President Grant to-day transmitted to the Senate his first veto message, and the report that he had vetoed something created quite a little sensation in the corridors of Congress. It turned out that it was a private bill providing for a hearing in an extension case involving a pistol improvement, the time for such hearing having passed. The President did not even give any reasons; he simply referred to reasons given in the accompanying report of the Chief of Ordnance. Mr. Ferry innocently moved to refer the veto to the Committee on Patents, when Mr. Trumbull solemnly asked, "Who ever heard of a reference of a veto," when the requirements of the Constitution were suggested and the veto went to the table, to be called up to-morrow.

THE ARMY BILL.

[From the Chicago Republican Jan. 14.]

WASHINGTON, Jan. 13.—The army bill prepared at the War Department, entitled "An Act to Reduce the Army," provides that all regiments cavalry, artillery, and infantry, shall have the same number of officers. The Secretary of War is authorized to assemble a board of three general officers to examine fully the qualifications and general fitness of all officers, who may be numerically in excess of the organization, or waiting orders, and recommend for transfer or appointment to office, such of the number as may be determined on by the board as best fit, as well in view of previous active service, as continuing willing to do duty, to fill the same. The report is to be submitted to the President, who, if he shall approve, will make the appointments and transfer by and with the consent of the Senate; all officers, not recommended are to be separated therefrom, and cease to be officers of the army. The present provision of the army laws, that seven per centum of the officers may be retired, to be repealed and hereafter the number shall be left to the discretion of the President, provided the whole number retired shall not exceed 250.

GEN. LOGAN'S BILL,

introduced to-day, adopts the above mentioned provisions, adding that all officers mustered out shall be entitled to one year's pay and allowances. The offices of General and Lieutenant-General shall continue only as long as vacancies may occur; brevet rank is abolished, and officers, as to title, are to be confined to their proper grade. The regular pay is fixed as follows: General, $15,000, Major General, $7,000, Brigadier General, $5,000, Colonel, $3,500, Lieutenant Colonel and Major, $2,500, Captain, mounted, $2,000, Captain not mounted, $1,800, Adjutant, $1,800, Regimental Quartermaster, $1,800, First Lieutenant, mounted, $1,600, Second Lieutenant, mounted, $1,500, Second Lieutenant, not mounted, $1,400; Chaplain, $1,200; pay of aide-de-camp to Major General, $200; pay of aide-de-camp to Brigadier General, $150, and Acting Commissary, $100 per annum, in addition to pay of their rank. The above schedule is to be in full of commutation and allowance.

ROBESON AND WELLES.

Secretary Robeson has received a long and bitter personal letter from ex-Secretary Welles, abusing him for statements set forth in the last annual report, and claiming that great injustice has been done by the late administration in that document. Robeson has sent a good natured reply, which closes by thanking Welles for reading his report.

ANOTHER ELECTION OF A WOMAN TO OFFICE.

MADISON, Jan. 12.—The election of Miss Hubbard is the first of the kind, I believe, in the history of Wisconsin legislation, and creates some comment, but not in the least unfavorable to the lady, who is accomplished, aged 30, and lives in Madison. She did not succeed on any woman's rights plea, as her talk to her friends in the Senate, when soliciting some copying work, was not in the least tinged with this modern problem, but her modesty so enlisted the admiration of Senator Joiner, an old and gallant legislator from Iowa county, as to boldly present Miss Hubbard's name for transcribing clerk. His sudden appeal took the Senators by surprise, and they showed themselves true natural appreciators of woman and her reasonable rights by at once electing Miss Hubbard without the least opposition.

MR. HOAR'S NOMINATION NOT TO BE WITHDRAWN.

[From the New York Tribune, Jan. 13.]

WASHINGTON, Jan. 12.—It is now known that Attorney General Hoar's nomination will not be recalled, and that the Senate will have to decide on his confirmation or rejection. Neither Mr. Hoar nor the President look at the question from a personal standpoint, but consider that a great Constitutional question underlies the result. They say, shall the Senate continue to exercise forever those powers which it assumed for the first time in the Johnsonian controversy, when it was believed necessary to curb a President who was using his high prerogative for evil purposes? Shall the President be permitted to select the best man for any existing vacancy, or shall he be obliged to nominate from local consideration and within the boundaries of the circuit where the Court shall be held? And shall a combination of Senators be able to cause the rejection of one whose chief offense is that he does not so distribute his offices as shall best aid them in strengthening the Senatorial seat? If rejected, Mr. Hoar will certainly retain his place in the Cabinet.

In Lake Tahoe there are nine known varieties of trout. According to our taste, after a fair trial for the last seven years, the best ones are the silversides, weighing from five to fifteen pounds.

REMOVAL.—J. W. Campbell has removed his new Patent Bed Bottom manufactory to Messrs. Jensen & Rethlefsen's Cabinet and Carpenter shop, southeast corner of Morrison and Fourth streets. Although but recently introduced, the Munger Bed Bottom is fast coming into general use and is giving general satisfaction. Come and see it. j31d1m

MONEY SAVED IS MONEY EARNED, and a small sum saved monthly and paid to the Puget Sound Homestead Association will soon insure the payee a share in the valuable Coal, Timber and Railroad Terminus prospects owned by the Association on Puget Sound.

There is nothing more pleasing to Sun and Parent than a neat fitting and good suit of clothing. The place such are to be found is at Kohn & Fisher's, No. 91 Front street. Their suits are all custom made. Their stock of clothing is the largest in the city, and will be sold lower than ever the next two months to make room for their extensive Spring stock soon to arrive.

The Great Medical Mistake

Of former days was an utter neglect of sanitary precautions. No efficient means were adopted for the prevention of sickness. Sewerage was unknown in cities, drainage was rarely attempted in the country. Heaps of offal were left to rot in the public streets, and domestic cleanliness, the great antidote to febrile disease, was sadly neglected. It is not so now. Wise laws, philanthropic institutions and a vigilant sanitary police have to a great extent remedied the evil. Nor is this all. PREVENTIVE MEDICATION has helped materially to lessen the rates of mortality. It is not too much to say that TENS OF THOUSANDS escape sickness in unhealthy seasons in consequence of having INVIGORATED THEIR SYSTEMS IN ADVANCE by a course of HOSTETTER'S STOMACH BITTERS. This pure and powerful vegetable tonic and alterative comprises the extracts and essences of a variety of roots and herbs, renowned for their strengthening, soothing, vitalizing and purifying properties. These medicinal agents are incorporated with a spirit absolutely free from the acrid poison which defiles more or less, all the liquors of commerce, and their effect is diffused through the whole frame by this active, yet harmless stimulant. The result is such a condition of the system as renders it *all but impervious* to the exterior cause of disease, such as damp, fog, sudden alternations of temperature, &c. Strength and the perfect regularity of all the functions of the body are the best safeguards against atmospheric poison and the effects of unwholesome water, and HOSTETTER'S BITTERS are the best strengthening and regulating medicine at present known. For dyspepsia and billiousness they are a SPECIFIC ABSOLUTE.

Persons subject to Billious attacks and those suffering from the effects of Fever and Ague, or any injudicious use of Quinine and Mercury will find PRATT'S NEW LIFE invaluable. Price $1 00.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities, CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who by counterfeit or imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

WASHINGTON TERRITORY

[illegible] OF THE [illegible] TRAGEDY IN [illegible] COUNTY—TWO MEN KILLED BY A VIGILANCE COMMITTEE—[illegible]—GREAT EXCITEMENT

[From the Seattle Intelligencer, Jan 24]

STEILACOOM Jan 23—10:30 A M It appears in relation to the shooting yesterday that one Gibson, formerly of Idaho, [illegible] was an escaped murderer, [illegible] jumped the land claim of Charles W[illegible] of Victoria and was made to vacate by a Justice's Court subsequently. The same [illegible] was arrested and brought to trial on Friday last before E R Rogers J P, who granted [illegible] continuance until Saturday at 1 [illegible]. On Friday night it seems that Charles McDaniel and said Gibson rode to several farm houses in the county and threatened bodily injury to the owners, among the number to Al Lain Chambers. The impression now prevailed that said McDaniel was an accomplice of Gibson's and upon such impression the citizens of Muck Prairie formed themselves into a Vigilance Committee and started in pursuit of the jumpers. Early on Saturday morning, at a point about five miles from town, Gibson was shot, supposed mortally, and was brought to the city. Meanwhile McDaniel had entered the city and made boisterous demonstrations, and while doing so the Vigilance Committee came in with the body of Gibson, and surrounded McDaniel at Westbrook's Saloon. McDaniel disarmed himself of all weapons excepting a large knife and wanted to make a statement, but would not be listened to, when one of the Committee cried out "Shoot the son of a b—." McDaniel then ran through the alley-way, jumped over the railing and was making his way out through Wood's law office (formerly) and Cates' building, when a ball entered his left temple, and he fell. After struggling about three hours, he died. Gibson in the meantime, was taken up on the hill beyond the jail, when lo! and behold, he raised up and grabbed John Highstream's pistol, and made fight, firing two shots—the ball striking effect in the legs of Joe Legard and Highstream but wounding them very slightly. Gibson was then shot through the head and died instantly. The bodies were taken charge of by the Sisters of Charity, and will be buried to-day.

The Committee have abandoned their organization and returned home, and thus has ended a most deplorable trouble.

ANOTHER VERSION—THE HISTORY OF THE TROUBLES—MORE KILLING EXPECTED

[From a private letter published in the Herald]

It appears that a half-breed Red River Indian named Wren, took up a ranch a good many years ago near McDaniel's and held it until accused of stealing cattle, when he was taken, tied up and whipped and made to leave the country. Fred Clark then acted as his agent and held the ranch as such, until he found out he could hold it for himself, which he attempted to do, until he went to the Legislature at which time Gibson found out that the place was jumpable, and accordingly jumped it, building a cabin and making other improvements. When Clark returned from Olympia, he gave Gibson notice to vacate, and Gibson threatened and chased him off the place. Clark had him arrested, and he was bound over to keep the peace. Clark instituted suit for the recovery of the ranch. Judge Hewitt was counsel for Gibson and on the day of the murder came to Steilacoom to attend the trial of the case. On Saturday morning McDaniel and Gibson, when on their way into town to attend Court, on coming out of the woods into the prairie, they were received by a volley from each side of the road. Gibson was shot in the leg, neck, and one ball went through him just above the hip. McDaniel was shot through the arm, and escaped into town, when he sent a wagon to bring Gibson in, his horse having been killed at the first fire. Gibson came in the wagon mortally wounded, and the mob, some 45 or 50, followed it. Charley stood in front of the saloon, unarmed, and offered to explain matters, telling the mob if he had done anything he was willing to be tried for it, and that if he did not suit them as a citizen he would leave the place. He told them he was unarmed, and opened his coat to show that such was the case. About this time a man by the name of Chambers came riding up and said "What are you talking to him for? kill the [illegible]." Some eight or ten shots were almost instantly fired at him from both sides, one ball only creasing his belly. He then ran into the saloon, a part of them following him, and the rest going to the back of the building, and when he again came out he received a charge of buckshot in the back, he still ran and climbed a fence and received another ball in the cheek, breaking both jaws, he still ran, when a ball from a Henry rifle struck him in the left temple, when he fell in the mud, and there lay breathing for nearly three hours. His murderers not allowing anyone to remove him or alleviate his misery. A lady went to him to put a pillow under his head, and was told that she had better leave, as they would [illegible] his sympathisers as they had served him. A Priest and two of the Sisters of Charity were told the same thing. The mob then went to Gibson and told him they were going to take him to jail. They drove the wagon up the hill, under a tree, and told him to get ready as they were going to hang him, the rope was already there. Gibson, although mortally wounded, made a grab for one of their six shooters, and managed to shoot one of them in the leg, and was in the act of firing again when a fellow put a rifle to his eye and blew the top of his head off. The affair has created terrible excitement, and the end is not yet. From what I can learn, a dozen men will be killed for it.

A gentleman writing from the Mukilteo, under date of January 19th, writes that a man named Evans died at Dr. Smith's, on the 15th. He arrived on the 14th, sick, from the Snohomish river. His body was brought to Mukilteo on Tuesday for interment. Deceased was about fifty years of age. No further particulars were learned as to who he was. Our informant also states that the body of a man named Thomas Prout, had just been found on the beach about one mile east of Mukilteo, and brought there. An investigation will be held.

She was from San Francisco, bound to Bellingham Bay and was driven ashore by a heavy westerly gale. About forty feet of her keel has been carried away and the tide ebbs and flows in her. IDAHO TERRITORY

ROBBERY—PETTY THIEVING AND ROWDYISM—LOON CREEK MINES.

[From the Boise Statesman, Jan 22]

Mr Jade Johnson, of the firm of Burch & Johnson, Idaho City, had been down the river a few miles on Friday last and met two men on horseback who inquired who he was. He came to town that night and started next morning to go down again after some sheep. When about opposite the Junction House the same two men came riding towards him from the river. They then told him that a man's horse had fallen with him out on the prairie a few miles and broken his leg, that a wagon had gone out after him and they asked him to go out and help put the man in the wagon, to which Mr Johnson assented. He rode along between the two men towards Snake river, but before proceeding far, they fell a trifle behind him, he heard the click of revolvers and they had the muzzles pointed at his head. They demanded his money, and he delivered what he had, between one and two hundred dollars in greenbacks.

Several thefts were committed on Wednesday night, from private residences. One party entered the hen house of John Krall and took several chickens and not getting there all they wanted went directly across the street to C[illegible] [illegible]'s—robbing Jas Mullary's clothes line of different articles as they went—and made out the necessary number there. The rascals were not adepts at stealing chickens, and left their tracks uncovered for they twisted off the heads of the fowls and were easily traced the next morning by the blood which dripped upon the snow. The thieves will probably be brought to justice.

Thursday night was inky black and stormy, just the kind of a time the Devil chooses to walk the earth. The repose of quiet citizens was frequently disturbed by drunken yells, the report of fire-arms, and the noise made by kicking doors in and bombarding houses. This programme lasted way into the night and it appeared as though the incarnate fiend was turned loose to make things hideous with his orgies.

The *World* has a letter from Loon Creek of Jan 11th from which we learn that the snow is about eight inches deep at Oro Grande. A part of the miners are rocking out gold enough to pay expenses. Present prospects indicate that mining will commence about the middle of March. [illegible] creek is being prospected this winter all the way from Oro Grande to its mouth, a distance of forty miles. Stock is being wintered on the creek about thirteen miles below town and are said to be doing well. Gum boots, tobacco and bacon will probably be scarce in the spring and it will probably pay to express them in. Snow is seven feet deep on the summits between Idaho City and Oro Grande.

The two steamships which sailed this afternoon were both filled with produce and a large amount still is awaiting transportation. In the matter of imports and exports during this first month of the year, the excess of the latter is largely in Oregon's favor. There has been the usual activity incident to "steamer day," manifest on the streets and apparent readiness to meet the demands of merchants and others for money to remit, was observed. In the retailing and jobbing line during the entire month, business has been dull, in fact decidedly so; but as we have before remarked the weight of commercial transactions in the time has been quite encouraging, and taking everything into consideration we hazard the assertion that Oregon has not done a better month's business during the two years last past than in January, 1870. Nearly 4,000 tons of freight have left this port during the month, a large proportion of which has been raised on Oregon soil. This is quite a favorable indication in our favor, and the balance to Portland credit, is certainly no inconsiderable amount. Could this state of things go on a high degree of prosperity in financial matters might be attained, but the orders for spring stocks, many of them already sent on, will increase the amount of importations in a greater ratio very soon.

We observe a slight but constant, and probably permanent increasing demand for wheat and other cereals. This is owing to the large amount of tonnage which has been drawn to this coast and waiting for charter at San Francisco. Oats are active, and a large quantity would soon find ready sale in this market. Of barley also the supply is limited to the actual wants of brewers and prices are well sustained. Some 400 sacks were received purchased in the interior.

Grocers are well supplied, and their wares are generally of a better quality than usual at this season. The time when Oregon producers market inferior products, such as spoiled eggs, rancid butter and so forth, is most happily passed away. The figures at which all articles of subsistence can be obtained indicate that we are gradually settling down to an equilibrium in commercial affairs which proves a solid permanence.

TO THE UNFORTUNATE.

NEW REMEDIES NEW REMEDIES.

Dr Gibbon's Dispensary,

623 KEARNEY STREET NEAR COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] Impotency, etc. Skin Diseases of years standing and ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons both male and female suffer with [illegible] from the effects of [illegible] indulgence or from vicious habits, absorbed [illegible] [illegible] [illegible] [illegible] [illegible] broken-down constitutions disqualifying them for the happiness of married [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]. Let parents, guardians [illegible] [illegible] [illegible] those who are suffering with any of these horrible life-destroying maladies, [illegible] they are cured [illegible] before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his special study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted [illegible] to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities, publishing [illegible] [illegible] [illegible] in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse, solitary vice or depraved sexual indulgence, [illegible] by the youth [illegible] [illegible] [illegible] producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, [illegible] [illegible] blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are under any of these fearful [illegible] should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give his patients a written instrument binding him [illegible] a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating symptoms, length of time the disease has continued, [illegible] have medicines promptly forwarded free from damage and curiosity to any part of the country, with full and plain directions for use. Ten Dollars sent in a registered letter or through Wells Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and [illegible] who with bogus sworn certificates dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and being too lazy to work at their trades. Some are [illegible] [illegible] makers, newspaper carriers, intelligence office [illegible] etc. Look over the San Francisco Directory, you will not find their Medical Institutes in it, but will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid [illegible] them is to make enquiry. It will cost you nothing and may save you many regrets, for as advertising physicians, in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive [illegible] by exhibiting bogus titles, certificates, [illegible] letters, etc. Dr Gibbon will satisfy [illegible] who may call at his office of his ability to treat all [illegible] he proposes to cure.

Address DR J F GIBBON, 623 Kearney street, near Commercial (Private Entrance on C[illegible]), San Francisco. Post Office Box 252.
